Woman's Trials.

Woman's Trials.

The bitter trail in a woman's life is to be childless. Who can tell how hard the strugglo may have been are she learnt to resign herself to her lonely lot? The absence of this link to bind marital life together, the absence of this one piedge to mutual affection is a common disappointment. Many unfortunate couples become estranged thereby. Evan if they do not drift apart, one may read the whole extent of their disappointment in the eyes of such a childless couple when they rest on the children of others. To them the largest family does not seem too numerous. In many cases of barranness or childlessness the obstacle to child-bearing is easily removed by the cure of weakness on the part of the woman. Dr. Pierce's Favorits Prescription has been the means of restoring health and fruitfulness to many a barren woman, to the great joy of the household. In other, but rare cases, the obstruction to the bearing of children has been found to be of a surgical character, but easily removable by painless operative treatment at the Invelide Rotel, and Surgical Institute, Buffalo, N. Y., over which Dr. Pierce of the "Favorite Prescription" fame presides. In all cases where children are desired and are absent, an effort should be made to find out the real cause, since it is generally so easily removed by proper treatment.

In all the varieties weaknesses, displacements, prolapsus, inflammation and de-

In all the various weaknesses, displacements, prolapsus, inflammation and debility, Dr. pierce's Favorite Prescription is the most efficient remedy put up for sale through druggists, especially for woman's use. The ingredients of which the "Favorite Prescription" is composed have reserved the most positive endorsement from the leading include writers on Materia Medica of all the several schools of practice. All the ingredients are printed in plain English on the wrapper enclosing the bottle, so that any woman making use of this generally what she is taking. Dr. Pierce takes his patients into his full confidence, which he can afford to do as the formula after which the "Favorite Prescription" is made will bear the most carolii examination.

Chicago yesterday.

The bodies of Ross, Ella and Mary Vrzal were exhumed yesterday for chemical examination.

It is the theory of the police that Billick and Mrs. Vrzal were engaged in wholesale poisoning and that Billick fearing Mrs. Vrzal would confess, polarn than an hour after she was questioned by the police concerning the deaths of her husband and four children. With-in a few hours Mrs. Vrzal also died.
